THALASSO & SPÀ

PRIVATE SPA

A SPA within the SPA, a devoted cocoon in search of total well-being, reserved for those who want the utmost privacy in the heart of the spectacular Acquaforte Thalasso & Spa, the quintessence of the concept of exclusivity.

This is one of the secrets of the Forte Village Resort: the ability to continue to amaze its guests with innovations that interpret all the intrinsic elements in the idea of beauty and uniqueness. Even when it comes to wellness. With its new “Private SPA Experience”, Acquaforte Thalasso & Spa, presents an oasis in the oasis: 300 square metres designed to ensure the utmost privacy and a ‘tailor-made’ wellness programme.

Exclusive services and dedicated staff, to experience moments of pure relaxation ‘as a couple’, with your family or with a group of friends (up to 10 people). The “Private SPA Experience” translates into: 4 pools with the prodigious virtues of seawater sublimated by thalassotherapy, a treatment cabin, a hammam, solarium, emotional shower, and private entrance and reception areas. Guests of the private SPA can also request the advice of the team of specialists at Acquaforte Thalasso & Spa.

Private Thalasso Pool Circuit

POOL 1: Sea oil at 36°-40°

Magnesium salt combined with water at high temperatures has a vasodilatory effect which increases metabolic exchanges by osmosis, relaxes the muscles and promotes draining and detoxifying action.

POOL 2: Sea oil with aloe vera and mint at 36-40°

Magnesium salt combined with phytotherapy allows you to achieve an anti-inflammatory effect on skin tissues. The 1st and 2nd pool also stimulate the production of endorphins, the happiness hormones.

POOL 3: Seawater whirlpool at 36-40°

The high temperature, pure sea water pool features whirlpools that stimulate microcirculation from the soles of the feet to the abdominal muscles and the back.

POOL 4: High saline density at 36-40°C

This sodium-rich pool continues and increases the osmosis between sea water and the body, stimulating the elimination of toxins, introducing sea salts rich in minerals, and aiding muscle relaxation. This pool is ideal for a traditional Acquaforte water massage.
