

The ForteVillage Journal

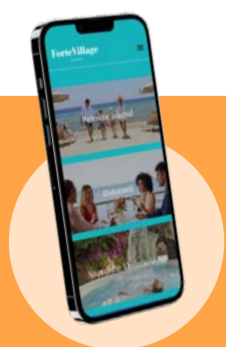

ONE OF A KIND

Welcome to Forte Village! We wish you a thoroughly enjoyable holiday in this beautiful corner of South Sardinia. We try to provide something for everyone and for all ages, for the active there is lots to do but if you prefer peace and quiet there is plenty of space where you can find a quiet spot to simply relax. Your hotel reception can advise you regarding the choice of restaurants for breakfast, lunch and dinner and they can make reservations in restaurants which need to be booked in advance. The range of sports facilities and academies for the young includes tennis, football, paddle tennis, go karting

and more or try the leisure activities such as the swimming pools, bowling bike. And for fashion lovers, you will find boutiques that will meet your demands. Our little guests have a dedicated area called Children's Wonderland and an amazing Acquapark with water games, exciting water shutes and a pirate ship! To completely relax, why not enjoy rejuvenating detox in the Acquaforte SPA with its unique thalasso pool circuit and pamper yourself with a deep massage or a health or beauty treatments. Enjoy an unforgettable holiday!

Sport Academy

Perfecting your style, improving your shot, fine-tuning your game tactics. And learning how dedication, discipline and fair play get you the best results

FOOTBALL ACADEMY

If your kids live for football and are between 6 and 14, imagine watching them attack, defend, dribble, score or, if in goal, save. Each week, specific courses for each position, tactical lessons, individual technique and actual matches.

Info and booking: Sport Area
open everyday 09:00-13:00 / 15:00-19:00
(tel. +39 070 921 8938)

FOOTBALL TOURNAMENTS

Every day is a celebration of sport. If you love competition and team games, don't miss these football tournaments.

17:00-18:00 Kids match
18:00-19:00 Adults match

SWIM

From beginners to rising stars. From approaching the water to perfecting every stroke, including starts and turns. In the beautiful Baia delle Palme pool with 5 lanes of 25 meters for training.

On request (Sport Area +39 070 921 8938)

GO-KART

Revved up excitement for engine-lovers and speed demons. Specific programmes for those making their 'debut' and for those experts who want to improve their driving style alongside the best qualified drivers and technicians.

BIKE ACADEMY

If you have a passion for riding on two-wheels then Forte Village Bike Academy is the right place for you. This side of Sardinia offers the most scenic and spectacular roads and paths on the island, ideal for both beginners and more advanced bikers. Information and reservations available at Concierge and Bike World.

On request

TENNIS

There are 13 courts - 12 clay and 1 hard. And now we head to the net with some of the world's 'heavy hitters', coordinated by Rocco Loccisano, who trained Pat Cash. Courses for all ages, junior and senior, with specialisations when it comes to techniques for competition and single strokes.

Available every day

PICKLEBALL

For this new season we are delighted to present our new pickleball court where everyone can enjoy and train every day.

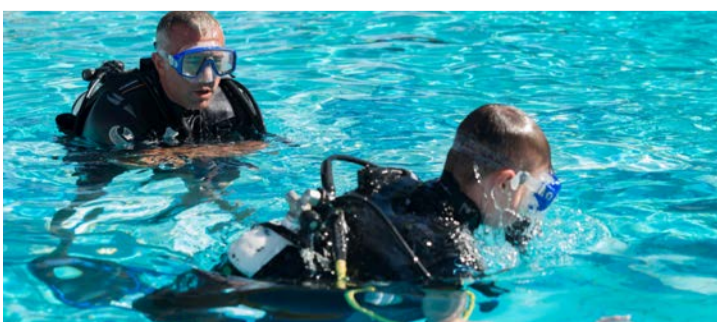

Pickleball is a dynamic and fun sport that combines elements of tennis, badminton, and ping pong. Played on a smaller court than traditional tennis, with a lower net, pickleball is known for its accessibility to all ages and skill levels. It's a great option for those looking for a fun physical activity that challenges reflexes, agility, and precision, without the same physical intensity as more demanding sports.

SCUBA DIVING ACADEMY

Have you ever dreamed of breathing underwater for the first time or obtaining an international diving certification to swim with fish in their natural environment?

Our scuba diving academy, with the help of our instructors with many years of experience, will allow you to achieve these goals in total safety while having fun.

Info and booking:

Concierge Tel. +39 070 921 8300

PADEL TENNIS

Among the extraordinary new things which the Forte Village has to offer, we now have the latest fantastic sport: paddle tennis. Similar to tennis, squash and racquetball, paddle tennis is easy to learn and fun for the whole family.

Available every day

Wellness

The sea provides the benefits of the oldest medicine in the Mediterranean. Sun, water, the power of salt, the intensity of nature. Technology provides the most advanced research to get you back in ideal shape. While cosmetic science provides the best skincare treatments. This is how the Acquaforte Spa came into being. Your new well-being, your new beauty.

Thalassotherapy

A circuit of six sea-water pools, each with a different level of salinity. Like floating through space

One word to describe our thalassotherapy? Revolutionary well-being. For 32 years our method has been changing the path of European thalassotherapy. And it could only be us, as Mediterraneans overlooking the “powerful” sea of Sardinia, to invent a circuit comprising six seawater pools with different salinity levels and at different temperatures. From the 38°C of the first sea oil pool, with very high buoyancy for an experience akin to walking on the moon, to the energy of the 24°C whirlpool, which concludes the circuit. In between? Extraordinary renewal and deep relaxation for toning muscles, restoring light to the skin and clearing the mind.

Acquaforte Beauty

Cutting-edge technology to regain freshness and tone

A relaxed, luminous, ageless face. To inject energy into the skin and do away with the signs of ageing, we offer you the most advanced technology and cosmetic treatments, created by the scientific laboratories of Sisley Paris. Also present LPG and Oxygen Therapy, hi-tech beauty care methods. We also provide personalized beauty and hair treatments and your general health. Our SPA shop near the Piazza Luisa offers all of the products of the Acquaforte SPA and the most famous beauty houses.

Private Spa

Acquaforte Thalasso & Spa, presents an oasis in the oasis

Exclusive, elegant and immersed in the lush gardens of the Acquaforte SPA, the Private Spa is ideal for families and small groups of friends up to 10 persons. Enjoy complete privacy with a separate entrance, changing rooms, Hammam, sauna, treatment room, solarium and 4 pools.

Detox, Anti-aging, Weight loss, Stay Healthy & Performance Packages

Salt purifies, slims, relaxes and instils renewed beauty. And the body is free to shine

The strengths of our SPA lie in its exclusive programmes. The experience of our therapists and the professionalism of our medical consultants means we can offer a personalised programme for each patient based on their individual requirements and needs. All treatments begin with a consultation, followed by clinical medical tests to establish the patient's state of health.

Biomechanics and Therapeutic Training

HPM, the High-Performance Method

Every wellness journey begins with a moment of analysis and evaluation. HPM's highly qualified staff evaluate the functional capabilities of the individual thanks to in-depth biomechanical testing. Posture, Strength, Stability and Reactivity are just some of the keywords that define HPM's areas of intervention. The analyses of the Forte Biomechanics Lab ensure the best orientation for physical exercise and therapeutic training. The first step to maximize athletic performance, scout young talents, plan training sessions and solve simple everyday musculoskeletal problems.

Forte Lab

A medical team working for your wellbeing

The Forte Lab is a state of the art diagnostic centre that is essential for monitoring the state of health of guests and to ensure, thanks to very fast test results, a thorough medical assessment and a totally personalised recommendation for the best treatment and the level of all sports activities.

The new aesthetic medicine

The New Aesthetic Medicine DEASALUS

Doct. Giorgio Maullu

Rejuvenate Without Transforming. Acquaforte presents Deasalus, a medical and scientific technic that, through tissue regeneration, allows for rejuvenation without altering the natural essence of the person. The latest technologies and the most effective cosmetic medicine treatments for the face include Frax Laser Resurfacing®, Stem Cell Face Regeneration, CFU Elife, Fillers, Peels, and body reshaping with Cryoliposculpt, Lysiwave, and Carboxytherapy.
